

CONRAD BALI

balinese intimacy

Located on the southern coast of Bali, Indonesia, this resort takes shelter on 6.8 acres amidst tropical gardens and lagoons. The contemporary Balinese architecture integrates not only all of the 360 guestrooms with full ocean view, it also connects the different parts through a progression of courtyards and covered garden paths.

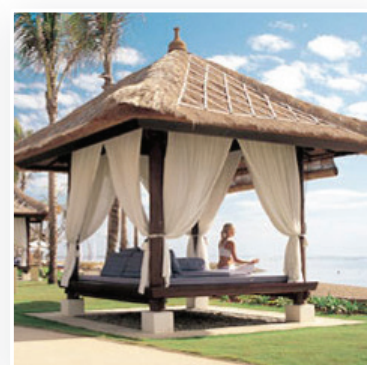

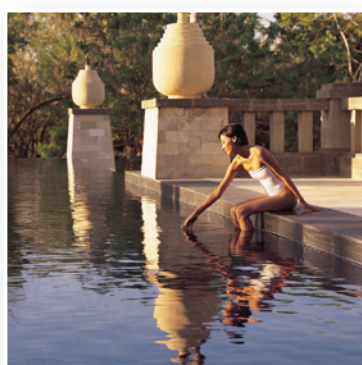

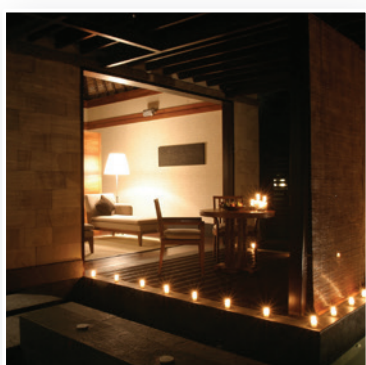

This intimate setting integrates a harmonious balance of exquisite amenities: six F&B outlets, conference and wedding facilities, a grand pool and lagoons, a jogging trail through the landscaped gardens, tennis courts, a fitness club and a state-of-the-art spa.
