

HYATT COCONUT BEACH RESORT

The Garden Isle

This twenty acre site includes over 600 feet of pristine beachfront on Kauai's windward shoreline. This new-build timeshare resort operated by Hyatt includes 326 units in guest wings three and four stories tall that form three large courtyards. Within each courtyard is a different type of swimming pool including the general resort pool, kids pool and adult pool. The sensitive master plan, ample open space and tropical landscaping coupled with the low-rise, contemporary plantation architecture style remind guest of what is best about Hawaii and in particular Kauai's natural beauty and lifestyle.
