

LE MERIDIEN MEIXI LAKE RESORT

A Great Garden Paradise

Meixi Yuan is a contemporary interpretation of a Classic Chinese Garden, in the tradition of Jiangnan Yuan-Lin, where the built environment aims to be in harmony with and a reflection of nature. The lake's calm water is by day a mirror bringing together heaven and earth; and by night a romantic stage for dancing lights reflecting the glow from within lakeshore pavilions. Housed within these pavilions are one hotel, twelve hotel villas, a large conference center and serviced apartments connected by the Lakeshore Drive like a jeweled necklace in, around and over the lake on moon-gate bridges.
