

CURIO SANYA YAZHOU BAY RESORT

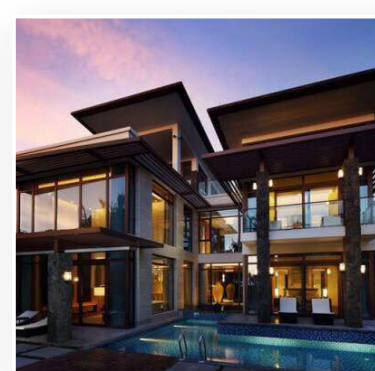

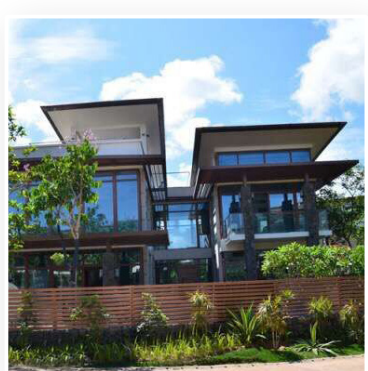

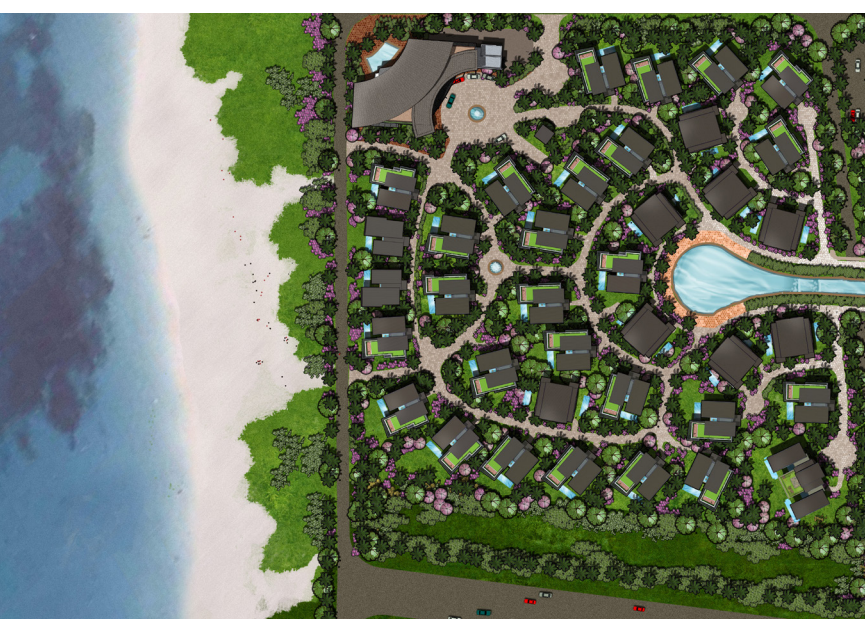

opening up to the stars

The main building design was inspired by the native sea birds in Hainan Island and represents a bird in flight as it soars above the water hunting for fish.

Located in Ya Zhou Bay and part of the Creative New Town the five-star resort has 250 accommodations, two restaurants, conference center, spa and fitness. The ocean-view lobby contains a large garden with ten-meter palm trees above which sits the starlight bar with 180 degree views and a roof that opens up to the heavens at night.
